Peru, and the Cathedral, a prime example of XIXth Century Peruvian architecture, housing beautiful treasures in gold and silver. We also visit the La Compañía Church, an ancient Jesuit temple, maybe the most important one in Arequipa due to its history and tradition, with a beautiful façade with carved columns, laurel crowns, flowers, birds, etc. A more careful look at the façade, however, reveals the limits of European influence, as the angels have Indian faces; and indeed one face is even crowned with feathers. Then, we will visit the Santa Catalina Convent, a " **Small Town** " built in the XVIIth Century and opened to the public in 1970, after 400 years as a Cloister. Perfectly preserved for four Centuries, you go back in time as you enter the Cloister and see the numerous, spacious patios and gardens, the kitchen and slave quarters and stone washtubs of this Convent. About 20 nuns, of what were once 500, still live in a section of the Convent.

The highlights of this road are without doubt the burial towers of Sillustani, enormous cylindrical constructions built long before the Incas. The Sillustani towers are perhaps the finest and the most perfect cylindrical constructions of ancient Peru, as such perfection can be found no where else in South America. **A tour optional** if time permits to Sillustani will give you a better view into the life of pre - Inca civilizations, and exploring the area you can marvel with the great beauty of the Umayo Lagoon, which is located at the foot of Sillustani natural platform.

Early in the morning, we will have an unforgettable by tourist motorboat excursion on the waters of Lake Titicaca to the unique " **Floating Islands** " of the Uros. These ancient inhabitants of the lake, known as the Water Tribe, have built their own " **Islands** " by periodically adding new layers of a type of reed called " **Totora** " (**Scirpus Totora**), vegetable fibre of the Papyrus family. Their homes and boats are also made from this material. We continue our motorboat trip to Taquile Island, inhabited by **Quechua – Speaking Natives** who have developed, down through generations, an efficient and unique social system, as well as fine hand weaving techniques. It is necessary to go up a stairway of more than 567 steps - steps of stone that wind their way among green platforms - to arrive at the Town of Taquile where we will have a break to eat. After lunch in a local Taquile Inn, we have a walk through the various hills and archaeological sites of this 6 km long Island. In the afternoon, return to Puno for overnight at your hotel.
